

**MID DEVON COLLECTIVE MACHINERY SALE****Held on Tuesday 25<sup>th</sup> April 2017**

Heards RPS were very pleased to return to Edbury Farm, Pennymoor on 25<sup>th</sup> April 2017 where we were once again most warmly welcomed by our host Jillie Witcombe. A diverse range of 630 lots were offered for sale which included the dispersal sale of tractor, livestock equipment and effects consigned by Mr M.H. Bulled removed from Newhouse Farm, Poughill for convenience of sale. Mr Bulled achieved the days' top price when selling his Case International CX90 4wd Tractor (R reg) c/w Quicke Loader at £9,800. The same Vendor also topped the Livestock Equipment section when selling his Bateman Cattle Weight Crush at £620 and a Portequip Calf Creep Feeder at £370.

Other tractors sold on the day were as follows:

Case International 1594 4wd (E Reg)	£5,300	Mr C. Tanner, Tiverton
Case International 895XL 2wd (D reg)	£2,300	R. Grant, Pennymoor

Leading the way in the farm machinery section were Messrs. Satchell Bros. of Pennymoor who sold a 2007 Strautman Mixer Wagon at £4,075. F. & H. Farms, Tiverton also scored when selling their tidy Twose 6 Star Tedder (2009) at £2,550. Behind the above detailed principle prices many other machinery lots sold between £400 - £600, with some machines sold in this price range looking well sold given the quality.

An array of smaller non-VAT items started the sale, with this section topped by Mr G. Clapp of South Molton who sold a wooden outside table, chairs & umbrella set at £150. Mrs T. Grant, Pennymoor sold a Wood Turning Lathe at £65 and the usual consignment of plants from Mr. S. Holder, Braunton peaked at £20 for an Acer.

Our thanks are extended again to Jillie Witcombe for allowing us the use of her field for this sale and to the 55 Vendors and 100+ Purchasers who continue to make this sale a success.
